DBI series  
Material  
Bottle : PET  
Molding method : ISB<sup>※1</sup>

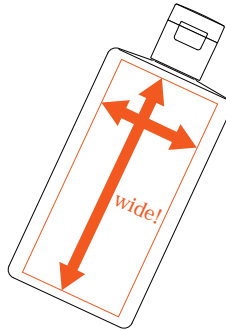

## ■ Shape looks great on the shelf

Square shape takes up less space on display.

## ■ Large branding area

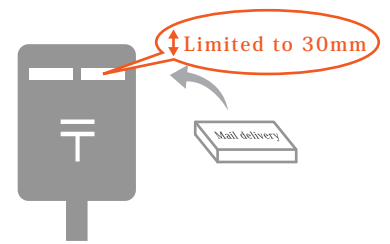

There is ample space for printing/labeling on both the front and back sides, allowing effective use of graphics.

## ■ Mail box delivery size

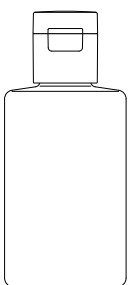

Assuming the use of an outer box, bottle width has been set to 28mm (100ml) or less.

Compared to flexible packaging, these bottles have real presence and are self-standing.
