PD-P24 Cover Clip BII
TAKEMOTO

Introducing a new cover type clip that covers the pump head. By protecting the nozzle tip, you can offer security and peace of mind and add value to your product.

PD-P24 Cover Clip BII

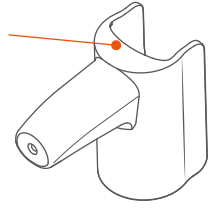

— Pump head protection —

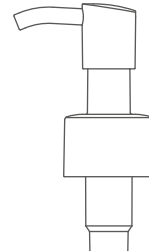

PD-P24 Cover Clip BII
Material : PP

■ Offer peace of mind

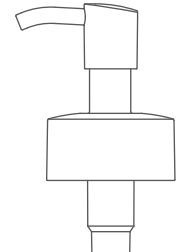

By covering of the head of the pump, the clip offers enhanced safety and security.

■ Compatible pumps

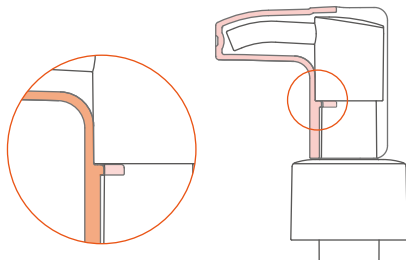

• PD-P0524B II Pump
• PD-P1024B II Pump

• PD-P0524B II W Core Pump
• PD-P1024B II W Core Pump

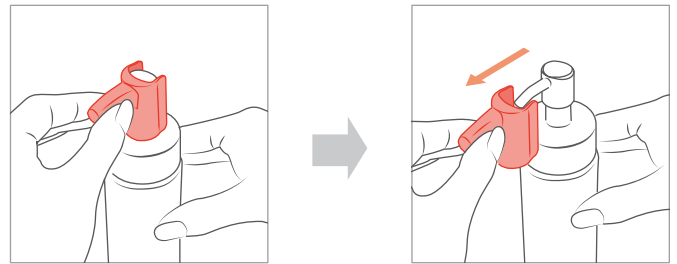

(Dose)
0.5cc
1.0cc

■ Clip construction

Ribs on the inner side of the clip prevent unwanted dispensing of formula.

■ Usage

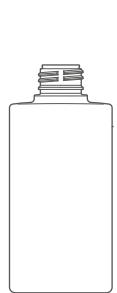

The clip is removed by holding the tip and pulling in the direction shown.

Suitable for a wide range of applications from essence and toner to milky lotion.

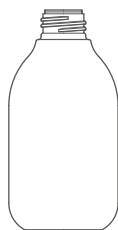

■ Selection of compatible containers
