

S-PLO-350

Ultra-Lightweight* Thin-Walled Bottle Easy-to-Pour Refill Bottle with Tamper-Evident Cap

*The lightest container in our existing lineup for the same capacity.

CAP : PUS-CAP

Containers: S-PLO-350/RFPI-400

This refill bottle features an ultra-thin wall design that reduces resin usage. It comes with a tamper-evident cap and has a narrow neck to facilitate easy pouring into a master bottle. Its oval shape makes it easy to crush after use, helping to reduce waste volume.
