

RSI/S-RS Series S-PUS-150

Attractively simple and beautiful in shape,
we give you an easy-to-refill skin care series

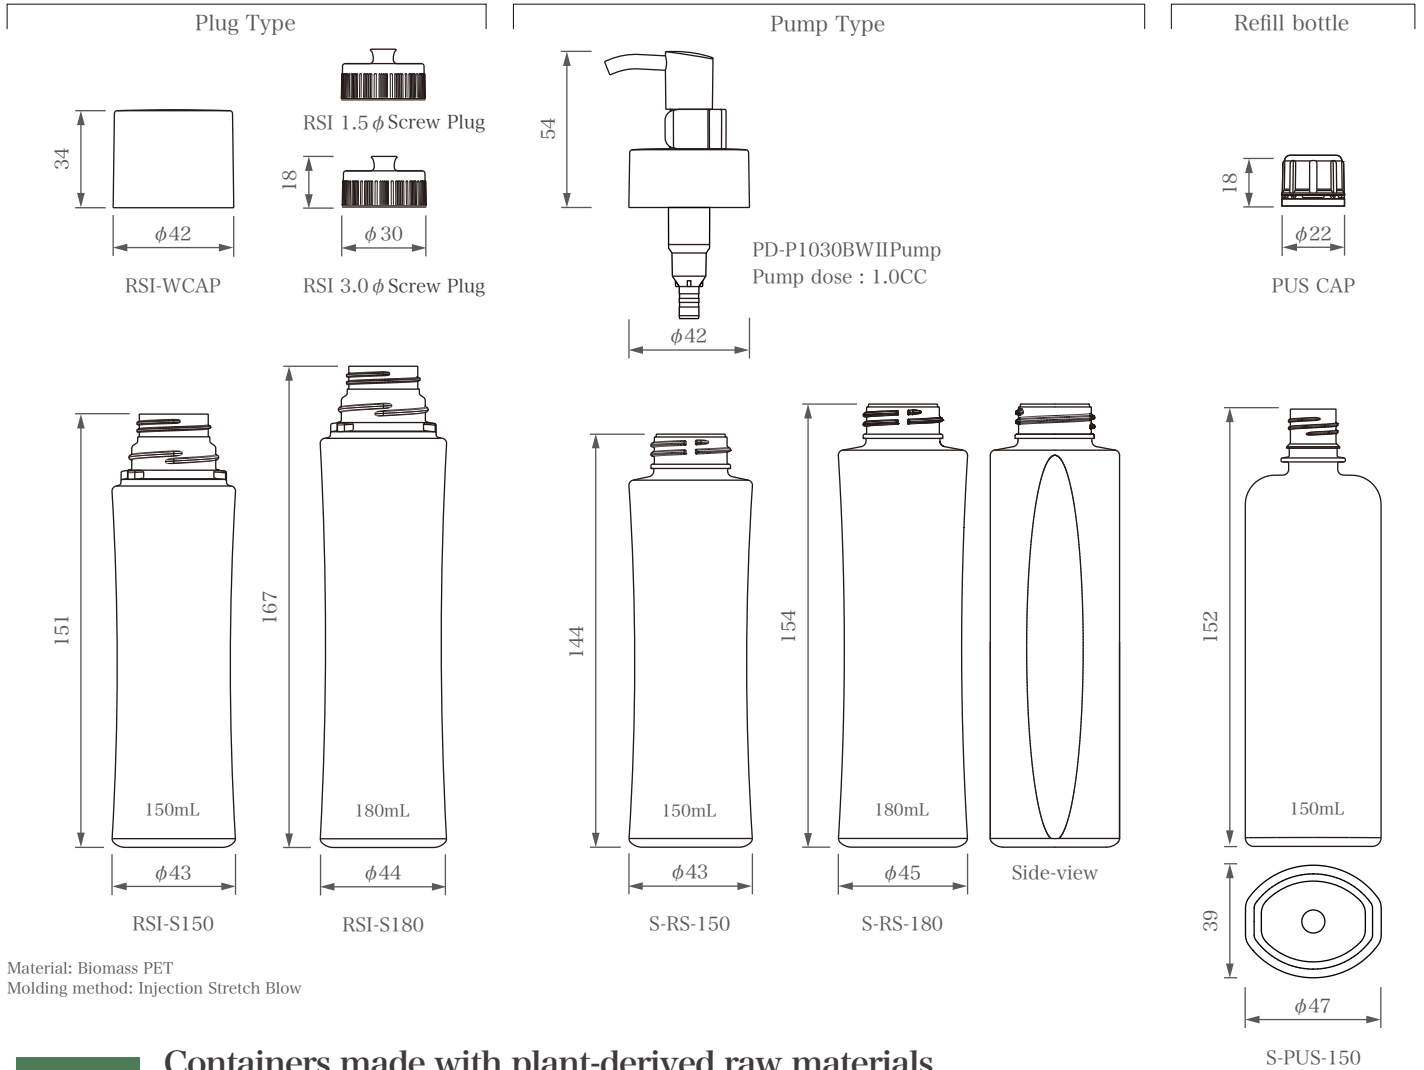

Compatible bottles (from the left) : S-RS-150/RSI-S180/S-PUS-150

Compatible accessories (from the left) : PD-P1030BWII Pump/RSI-WCAP/RSI 1.5 ϕ Screw Plug/PUS CAP

We have created a pair of a "mother" bottle with a wide-mouth neck that is easy to fill-up and an easy-to-pour-out refill bottle. The simple-shaped mother bottle has a beautiful side panel design. You can choose between a pump or a plug system according to the type of contents. The refill bottle comes with a tamper-evident cap that offers peace of mind. The refill bottle can also be used as is.

RSI/S-RS Series S-PUS-150

Sustainable easy-refill containers

Material: Biomass PET
Molding method: Injection Stretch Blow

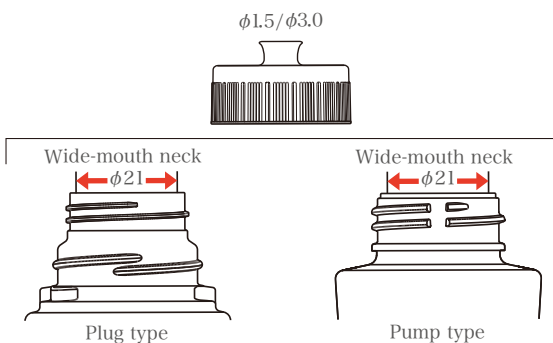

Containers made with plant-derived raw materials

These containers are made with biomass materials in which molasses from plants (sugar cane etc.) is used as a raw material so that the ethylene used in the production of the resin is bio-based.

Easy to refill

- Wider diameter compared to the standard size
- Easy-to-remove screw-type plug
- Two different orifice-size plugs for accurate flow control

Easy to pour-out

- Easy-to-open tamper-evident cap
- Easy-to-refill due to the narrow neck-size of the refill bottle
- Thin-wall bottle ideal for refill containers
